25. Description of Major Duties and Responsibilities (See Attached)

Introduction

This is an entry level student trainee position. The primary purpose of this rigorous position is to perform work directly related to wildland fire suppression and control activities including suppression, preparedness, prevention, hazard fuel reduction, and prescribed burning, on an engine, helitack, or hand crew. The incumbent serves as a trainee firefighter on one or more types of organized firefighting crews within the fire management organization.

Major Duties (60% or more of the time)

Serves as a trainee crewmember on an engine, helitack, or handcrew. Utilizes a variety of specialized tools, equipment, and techniques while actively suppressing wildfires, such as a Pulaski, shovel, McLeod, ax, and chainsaw to control the spread of wildfire.

May serve as a trainee engine operator driving the engine, operating the pump, and making hoselays under the direction of the engine foreman.

Serves as a trainee helitack crewmember loading helicopters, figuring weight calculations, and completing crew manifests.

Performs basic fireline activities such as line construction, hose layout, operation of pumps and accessories, lopping and scattering of fuels using hand tools, and holding, patrolling, monitoring, and mop-up operations. Moves dirt, chops brush, small trees, etc. to construct fire line. Is responsible for observing the rules of firefighting safety. Applies practices and techniques to minimize resource damage.

Under full supervision, may be assigned to carry out specialized assignments such as tree falling, backfire and burnout, mobile and stationary engine attack, construction of helispots, specialized helitack operations, and hover hookups.

Serves as a trainee firefighter on an organized crew during prescribed burns, monitoring and controlling the fire, and collecting data on fire weather and fire behavior. Also performs project work such as fuel inventory and hazard fuel reduction projects.

Additional Duties

When not performing fire suppression duties, and for less than 40% of the time:

Participates in fire and safety training in the techniques, practices, and methods of fire suppression and in the safe, efficient operation and use of tools, equipment and vehicles used in fireline activities, with emphasis on those used in the particular function to which assigned. Participates in crew proficiency checks and drills. Participates in safety sessions and fire critiques. Ensures own and others' welfare and safety in all aspects of the assignments.

Cleans, maintains, reconditions, and stores fire fighting tools and equipment. Inventories fire supplies and equipment.

Services and makes minor repairs to truck engine; inspects, checks and services accessories such as pump, water lines, tank, reels, or pump power plant; and keeps in fire readiness. Inspects, cleans and stows hose. Makes emergency repairs and adjustments of pump while in use.

May be assigned to other resource management activities such as recreation; hazard tree removal; erosion control; exotic species removal; fuel inventory; cleaning outdoor recreational facilities; mowing grass and trimming shrubs; and performing trail maintenance and building maintenance.

May be assigned to a fire lookout to provide detection and reporting of wildfires. Reports smoke and fire to a dispatcher giving location, estimated size and other pertinent information. Reports weather and fire behavior information keeping the dispatcher and/or other officials informed of current conditions.

May drive and operate a fire engine or apparatus.

Other Significant Facts

This is a Testing Designated Position (TDP) under the Department of the Interior Drug-Free Workplace Program.

Incumbent is subject to medical examination and must pass the work capacity test for arduous positions.

Must possess a valid state driver's license and have the ability to operate light vehicles and 4X4s. Positions assigned to heavy engines and given Engine Operator or Trainee assignment may require Commercial Drivers Licenses (CDLs).

Factors

1. Knowledge Required by the Position (Level 1-3, 350 points)

Knowledge of standard fire program requirements, suppression tactics, methods and procedures and skill in the use of wildland firefighting handtools, pumps and hoses, and chainsaws sufficient to perform routinely assigned fire suppression and prescribed fire assignment in various types of fuels and under a variety of weather and terrain conditions.

Working knowledge of fire behavior; causes of fire; influence of local wind, slope, and moisture; and methods of extinguishing fire.

Working knowledge of fire behavior, hazards, and accepted fire safety practices and procedures to prevent injury and loss of life.

Working knowledge of fire apparatus operation and pumping mechanisms to ensure equipment is operated in a safe, efficient manner.

Skill in the use of hand tools such as axes, shovels, Pulaskis, McLeods, and power tools including chainsaws, to build fireline and extinguish burning materials as well as to maintain firefighting tools and equipment.

Ability to operate four wheel drive pickup trucks and fire engines.

Knowledge of fire terminology sufficient to communicate with other crewmembers.

Knowledge of appropriate act requirements to include the Equal Opportunity Act, Civil Rights Act, Age Discrimination in Employment Act, Rehabilitation Act, 29 CFR 1604.11(a) Sexual Harassment sufficient to function within a diverse workforce.

Ability to perform duties under stressful and adverse operating conditions, such as long work hours, heavy workloads, emergency situations, adverse working and environmental conditions.

Knowledge of agency and interagency qualification, position task book requirements, and certification standards and procedures adopted by the National Wildfire Coordinating Group (NWCG).

Knowledge of reporting requirements and procedures.

Knowledge and skill of standard first aid procedures sufficient to perform preliminary first aid and triage as necessary.

2. Supervisory Controls

(Level 2-2, 125 points)

As a part of an established crew, individual assignments have been made regarding the relationship of the crewmembers on fireline assignments. Additional guidance is provided if new or unusual assignments are made. Routine assignments are carried out independently without specific instructions. Problems involving unfamiliar conditions are referred to the supervisor for guidance. The supervisor ensures that assignments have been completed according to instructions provided and established procedures.

3. Guidelines (Level 3-1, 25 points)

General guidelines can be found the annually published BLM Standards for Fire Operations. Procedures for doing the work have been established and a number of specific guidelines exist such as oral instructions, standing operating procedures, maps, equipment manuals, Health and Safety Code, Fire Line Handbook, Field Operations Guide, and training prior to the actual fire suppression activities.

The employee works in strict adherence to the guidelines, referring needed deviations or questions to the supervisor or higher graded employee who is available while performing fire suppression activities.

4. Complexity (Level 4-2, 75 points)

This work of this position requires the employee to recognize which of several techniques and procedures is best suited to the specific situation encountered. Actions taken vary dependent upon the fire terrain, intensity of fire, fuels availability, wind velocity, and resource values. Specific tasks, use of tools and methods, and the sequence in which tasks are to be done are determined by evaluation of the situation and issues involved. Consideration must also be given to slope, weather conditions, fuels, and other fire behavior factors while performing fire suppression duties.

5. Scope and Effect (Level 5-2, 75 points)

The scope of work varies from that of smaller fire suppression activities to acting as a member of a fire organization that may involve several hundred people. However, the primary role of this position is to perform duties connected with control and suppression of fires. The effect of the tasks contributes to minimizing the loss of valuable watershed, other natural resources, life, and property. The performance of the crew contributes to the overall effectiveness of the fire management program.

6&7. Personal and Purpose of Contacts (Level 1/A. 30 points)

Contacts are with other crewmembers, the crew leader/supervisor, and others in the fire organization. Contacts are made to provide and gain information about fire location and strategies to be used to suppress the fire.

8. Physical Demands (Level 8-3, 50 points)

Arduous: Duties involve fieldwork requiring above average physical performance, endurance and superior conditioning. The incumbent performs rigorous duties which requires strenuous physical exertion for extended periods including walking, climbing, shoveling, chopping, throwing and lifting, frequently carries objects weighing over 50 pounds. Also requires manual dexterity to manipulate hand and foot operated truck and pumper mechanisms.

Duties include demands for strenuous activities in emergencies under adverse environmental conditions and over extended periods of time. Operation of some specialized fire equipment can place extended physical stress on incumbent during fire activities.

Incumbent is subject to medical examination and must pass the work capacity test for arduous positions.

9. Work Environment

(Level 9-3, 50 points)

The work is primarily performed outdoors in forest and desert environments in steep terrain where surfaces may be extremely uneven, rocky, or covered by vegetation. Temperatures commonly exceed 100 degrees F and fall below freezing. Risks include smoke inhalation, fire entrapment, snake or insect bites and stings, exposure to excessive machinery noise, and falling and rolling material. Personnel must adjust and cope with exposure to weather elements, dust and smoke, poor bivouac and eating situations under an unpredictable set of circumstances. Incumbent may be required to live in backcountry camps for extended periods of time. The hazardous nature of the job requires that protective clothing be worn (hard hat, gloves, boots, flame resistant clothing and other personal protective equipment). Work requires travel by light fixed-wing or rotor-wing aircraft.
